HCA London

COURSE TITLE:
ADULT SAFEGUARDING

MODULE	MODULE NAME	OBJECTIVE
1	Introduction to Adult Safeguarding	To understand what safeguarding means in adult care, why it is important, and how it protects vulnerable people from harm.
2	Safeguarding Legislation	To learn about the main laws that guide safeguarding practice & how they protect adults from abuse, neglect & discrimination.
3	Types of Abuse in Adults	To identify different types of abuse, such as physical, domestic, modern slavery, and neglect, and to understand their impact.
4	Recognising the Signs of Abuse	To identify physical, emotional, and behavioural signs that may indicate abuse or neglect, and to know when to be concerned.
5	Principles of Safeguarding Adults	To understand the six key principles of safeguarding and how to apply them in daily care practice.
6	Reporting and Responding to Abuse and Harm	To know how to respond if abuse is suspected or confirmed, and to understand the importance of reporting concerns quickly.
